

Who are predator batteries?

Predator Batteries is a UK-based brand offering a wide range of battery technologies, including lithium, lead-acid, and carbon gel solutions. The team focus on high-performance, deep-cycle, and standby power batteries suitable for various applications, including automotive, marine, CCTV and renewable energy systems.

Does B&M sell AA batteries?

It can be a pain - and a significant expense - to have to keep paying to replace batteries around your home. However, B&M has you covered. Head in store to stock up on budget friendly AA batteries, AAA batteries, specialist cell or button batteries and a range of other mini power sources for almost any device you can think of.

Why are the MK Battery price lists updated every year?

Our battery price lists are updated several times each year to reflect changes in manufacturing and shipping costs. These prices may also be impacted by legislation and recycling rates which have long term effects on the industry. With the MK Battery price list in your hand, you can't go wrong.

Which car batteries should I buy?

Exide Classic - Exide's budget range of car batteries suitable for older vehicles. Exide Excell - Exide's standard car battery range, suitable for most standard vehicles. Exide Premium - Exide's premium range of car batteries, suitable for most standard vehicles. Exide EFB - Exide's range of "wet" car batteries for use on vehicles with stop start.
