In China, the world's largest solar street light production and export base, solar street light manufacturers have also developed from the initial hundreds to tens of thousands, at present, the world's about 60% -70% of solar street lights from China.

Are solar street lights a good idea?

Solar street lights are an effective outdoor lighting solution that uses solar energy to power LED lamps. They are designed to automatically turn on at dusk and off at dawn, saving energy and reducing costs. However, sometimes they may malfunction and turn on during the day, which defeats their purpose and wastes their battery life.
