

Is Guatemala a good place to invest in solar energy?

Guatemala is the second largest Central American power market, with a goal to increase renewable energy use. Relatively high levels of solar irradiance and large areas of cleared land give the country a strong potential for increased solar energy development.

Why did BMR decide to buy a solar farm in Guatemala?

As part of its evaluation process, BMR determined that the solar farm offered a strong return that was supported by Guatemala's well-established and stable regulatory system. BMR navigated a complex and cooperative sales process that involved four owners across three legal jurisdictions.

Who builds a solar PV plant in El Salvador & Santa Rosa & Villa Sol?

MPCES has signed a turnkey contract with the Enerland Group for the engineering, equipment procurement, and construction of the plant. Enerland also built the 21.3 MWp solar PV plant Santa Rosa & Villa Sol in El Salvador for MPCES, which commenced operations in early 2023 after just 12 months of construction.

When will a solar PV plant be built?

The construction of the solar PV plant is expected to be completed by mid-2025", said Stefan H.A. Meichsner, Chief Financial Officer of MPCES. MPCES today owns and operates five power-producing assets across Latin America and the Caribbean with an aggregate capacity of around 79 MWp (proportionate share MPCES: 66 MWp).

Where is MPC Energy Solutions constructing a 65 MWp solar PV plant?

Press Releases MPC Energy Solutions commences construction of 65 MWp solar PV plant in Guatemala, 16-year PPA signed with IMSA Group Amsterdam/Oslo - 26 February 2024 - MPC Energy Solutions ("MPCES", "Company") announced today that it has started construction of its 65 MWp solar photovoltaics ("PV") plant San Patricio Renovables in Guatemala.

How much electricity will IMSA produce in 2023?

Once operational, the plant is expected to generate around 141 GWh of electricity per year. As announced in February 2023 by MPCES, the output from the plant will be sold entirely to Ingenio Magdalena S.A. (IMSA) under a 16-year fixed-price PPA. The IMSA Group is Guatemala's leading producer and exporter of refined sugar.
