

Centralized Large-scale Energy Storage System Efficient and Reliable Power Solutions Optimize grid stability and renewable energy use for commercial and industrial applications. Achieve energy independence and maximize efficiency. Battery cluster rated energy : 200kWh. Rated AC output power : 100kW. Degree of protection : IP55

With the global energy transition and the push for green and low-carbon goals, industrial and commercial energy storage systems are becoming increasingly widespread. Energy storage technology solves the problem of unstable energy supply and provides more efficient, reliable, and sustainable energy solutions across various industries.

As China top 10 energy storage system integrator, Its product line covers a wide range of application scenarios such as power supply side, power grid side, industrial, commercial and ...
