

What makes Machinarium different from other adventure games?

Machinarium is a point-and-click adventure game that is somewhat different than your traditional adventure game. What sets it apart from other adventure games is that the interface is very minimalist compared to most games and it doesn't have any spoken dialogue whatsoever throughout the game. What is cuter than our little friend ?

Is Machinarium a point-and-click adventure game?

Welcome to Gamezebo's walkthrough for Machinarium. Machinarium is a point-and-click adventure game that is somewhat different than your traditional adventure game. What sets it apart from other adventure games is that the interface is very minimalist compared to most games and it doesn't have any spoken dialogue whatsoever throughout the game.

How do you get a battery from a vending machine?

Switch to 3 and power up the last machine. The machine is busted. Move out and go near the old man. Use the two coins to get the two batteries from the vending machine. Pick up the ribbon near the old man in the wheel chair. Go down the stairs and grab the pipe to get back near the guard. Combine the batteries with the ribbon.

To start, if you want something similar to Machinarium, you can try another game from the same developer, Amanita Design. I would recommend Samorost 3. Their work can be a little hit and miss, but that's a great one. You don't need to play any of the other Samorost games first.

Steam Community: Machinarium. Warning: This video contains the direct solution to puzzle. Watch it accordingly if you don't want any spoilers about game. To get batteries you need coins. You can get coins from arcade ...
