

How much do solar panels cost?

Solar panels usually make up about a third of the total cost of the project. So if you live in a 3-bedroom house, and pay £7,100 for your system and installation, you can expect the cost of your solar panels specifically to be around £2,400. However, the actual price depends on the efficiency, power and brand of your solar panels.

How much does a solar PV installation cost per kilowatt?

The mean average cost per kilowatt of a small solar PV installation (0-4kW) is above £2,000 for the first time since these records began in 2013/14. Prices for larger solar installations (4-10kW) increased even more dramatically - by 31% since 2021/22.

How much does a 4KW Solar System cost?

A typical 4kW solar panel system for 2-3 bedroom houses costs £5,000 - £6,000 with installation. Added together, the total cost of solar panels and a battery in the UK is £13,000 - £15,500. A 4kW system breaks even in 7 - 10 years, with annual electricity cost savings of between £440 and £1,005.

How much does a solar & battery system cost?

The average cost of a 3kWp solar panel system for a typical property with two or three bedrooms is about £9,000, including installation. This jumps up to around £11,000 if you're adding a 5kWh battery. This is a great time to get a solar & battery system, as there's currently 0% VAT on both panels and batteries.

How much does a solar system cost in the UK?

A typical home in the UK will require a solar panel system between 2 - 6kW. An average system size of 4kW will cost around £5,000 - £6,000 including installation. The larger the solar panel system, the higher the installation cost. However, generally, the price per kW decreases the larger your system size is.

How much does it cost to clean solar panels?

You can also hire someone to do it professionally, which will usually cost around £10 per panel - so the total cost will depend on how many panels you have. If it snows on your panels, don't brush it off, as this will probably cause them damage. It'll melt on its own. To learn more, read our guide to solar panel cleaning.
