

What are rechargeable picture Lights?

Our rechargeable picture lights are battery operated and remote controlled so you can add splashes of light anywhere - the only limitation is your imagination. With antique brass and bronze finishes to match our other rechargeable wall lights you can light up your decorative pieces in each room in style, with no wires in sight.

Does a picture light run on AAA batteries?

Like the one above, it runs on AAA batteries. However, the LEDs are on both sides, so you'll get even lighting on the picture or artwork below it. This battery-operated picture light comes with other bells & whistles like dimmer, remote, and the ability to rotate the light. However, the feature that sets it apart from the ones above is the timer.

Is the GARTO picture light rechargeable?
