Critical & Back-up Power ... Director / Head of Department / General Manager 19% C-Level / President / Chairman 3%

The Stored Energy welding power supply - commonly called a Capacative Discharge Welder or CD Welder - extracts energy from the power line over a period of time and stores it in welding capacitors. Thus, the effective weld energy is independent of line voltage fluctuations. This stored energy is rapidly discharged through a pulse transformer producing a flow of electrical current ...
