

Who is Tianneng Battery Company?

Global Leading Green Energy Solution Provider. Founded in 1986, Tianneng Holding Group is a battery manufacturer with more than 30 years' development in China, and has become a leading new energy company in the world. Tianneng provides reliable power battery solutions for all kinds of electric vehicles.

What is Tianneng battery series?

Battery Series-Tianneng Holding Group-Dedicating green energy, creating a better life.

Who is Tianneng holding group?

Tianneng Holding Group was founded in 1986 in Huzhou, Zhejiang. Starting from the production and manufacturing of power batteries, Tianneng is committed to becoming a global leading green energy system solution provider. Its core businesses include new energy battery systems, resource recycling and modern service industries.

Why should you choose Tianneng battery?

Tianneng Group can provide you with different types of traction batteries for different vehicles. Tianneng Battery adheres to the concept of green and low-carbon recycling development to help industrial recycling economy.

What makes Tianneng a good starter battery?

Tianneng provides starter battery solutions for passenger cars. The battery manufacturing strictly follows multiple standards such as JIS, DIN and SCI, and combines EFB and AGM technologies for excellent capacity performance, energy saving and consumption reduction, making the environment greener and life healthier.

What is Tianneng traction battery?

Tianneng traction battery provides powerful traction batteries for material handling equipment, like forklifts, riders, stacks, GSV, AGV, etc, to deliver every piece of your material quickly and safely in place.

We provide green lithium-ion power battery and backup energy storage solutions for various application scenarios, which are widely used in transportation, commuting, tourism, ...
