

# Which type of battery is better for charging cabinets

What are battery charging cabinets?

Battery charging cabinets are a type of safety cabinet that's designed especially for lithium-ion batteries. Over the recent years, as the prevalence of lithium-ion batteries has grown in workplaces, battery cabinets have become more popular due to the many risk control measures that they provide.

What are the best household batteries and battery chargers?

Argos offers a wide range of top-quality household batteries and battery chargers from brands like Duracell and Energizer- it's a good idea to keep a few different types in a drawer at home, so you can always find the kind you need. Make sure your gadgets are always powered up and ready to go.

How many batteries can a batteryguard cabinet hold?

Whether you have a great many batteries or just a few, large or small, the Batteryguard cabinet offers a solution for every situation. We offer compact models that charge 2 to 10 batteries and a spacious double-door safe where you can store up to 20 batteries.

How does the batteryguard cabinet work?

The Batteryguard cabinet is also safe and easy to use for new personnel. It's simple: when you need to charge up your battery, you just open the cabinet and place the battery on the charger. Because the charger cables are fixed in the cabinet, you can be sure that you are always using an original charger for the battery.

How many batteries can a batteryguard safe hold?

We offer compact models that charge 2 to 10 batteries and a spacious double-door safe where you can store up to 20 batteries. Batteryguard is based on a fire-resistant design, so that our safe satisfies the strictest standards and guidelines.

How to prevent battery fires?

Bart van de Broek from Nationale-Nederlanden explains what you can do yourself to prevent battery fires. The most important measure is to charge the batteries in a special lithium safe. Batteryguard is such a lithium-safe that contains a battery fire inside the safe and prevents the fire from spreading to your business premises.
